Plan better. Play better.

may 24 - 27, 2018

denver, co

The location of HeavyCon 2018 will be the Radisson Hotel, Denver, located at 3155 S Vaughn Way, Aurora, CO 80014, about 20 minutes away from Denver International Airport via the free hotel shuttle (there is no reason to rent a car). There is also the new The Nine Mile (RTD) light rail station, one block away.

We are able to offer attendees a room rate of \$109 per night, and we encourage local attendees to book a room at the hotel as this helps us meet our room quota for the convention. The \$109/night rate does not include breakfast, but grants access to the swimming pool & fitness center. There is an on-site restaurant, café/deli, and a separate bar. Also, there is a free local shuttle (5 mile radius), should you want to travel outside of the hotel to the many restaurants close by (no more Uber)! Free Wi-Fi will be available throughout the facility for all attendees.

\$109/night rates are valid May 21-30, 2018. To reserve your room (before May 10, 2018):  
online (beginning 01/01/18): Go to [radisson.com/denverco](http://radisson.com/denverco) - use the group code "DAVS18"  
call: 1-800-967-9033 and request the Heavy Cardboard group rate

## Food Policy

The hotel has an onsite restaurant, Table 14, as well as a café/deli. In addition, outside food IS ALLOWED to be brought into the gaming space (within reason). There is the free local shuttle, as well as plenty of local attendees who will have vehicles and can organize local excursions. We do stress that all attendees should eat and drink responsibly around the games. Treat the games as if they were your own, please.

## Alcohol Policy

Alcohol is allowed in the convention space but must be served by the hotel, at the bar. All attendees should drink responsibly.

## Gaming Hours

The gaming hours will be 8AM to 12AM (soft close) Thursday, May 24 through Sunday, May 27, 2018. The hotel will lock the doors to the room during the non-gaming hours. Please note that Sunday will feature the full 16-hour game day.

Gamers are encouraged to bring games to the convention. Heavy Cardboard and other local gamers will be providing many games for use at HeavyCon, but there is no official library. We will have a check-in/check-out policy for attendees' games.

Heavy Con has a dedicated official Slack channel, and all attendees will be given access. In advance of the convention, a BGG game scheduling Geeklist will be set up, as well as a Virtual Flea Market Geeklist.

## Don't be a Jerk Policy

Come to HeavyCon and enjoy yourself but please treat each other and hotel employees and policies with respect. This is an invitation only event, and as a result we do not expect any unfortunate situations given our familiarity with the attendees. However, Heavy Cardboard reserves the right to revoke the invitation of anyone being disruptive. No refunds will be given to anyone removed from the convention, and subsequently, they will not be invited back. Heavy Cardboard must report such occurrences to the hotel and they will determine if you will be allowed to stay on the premises. Bottom line, don't be a jerk.
